Summary

Results-driven Frontend Developer in React.js, JavaScript, and Tailwind CSS. Over 2 years of experience in Hosting Support at Ambition Host, specializing in cPanel, D-panel, WHMCS, WHM, and troubleshooting WordPress website issues. Passionate about UI/UX design and building scalable, optimized frontend applications. Adept at WordPress development, deployment, and hosting management. Seeking a dynamic role to apply my skills in React development and web performance optimization.

Technical Skills

✅ **Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Bootstrap**
✅ **Backend (Basic): Node.js, Express.js**
✅ **CMS & Hosting: WordPress, cPanel, DirectAdmin, WHM, WHMCS**
✅ **Version Control: Git, GitHub**
✅ **Other Tools: Cloudflare, DNS Management, VS Code**
